Remarks

Need room to spread out? This 4 bedroom, 2 bath Coolidge home gives you just that--inside and out. The open floorplan feels bright and easy, with vaulted ceilings, tile through the main living areas and a kitchen featuring granite countertops, a large island, pantry and plenty of cabinet space. Outside is where this one really stands apart: an oversized lot with RV gate/parking with full hookups, a long covered patio, mature trees, a peaceful pond with rock waterfall and plenty of open space to make your own. There's even an attached, air conditioned workshop for hobbies, storage or extra flexibility. A home with space, function and features you don't find every day!
